

Rotherham Health App

Have you tried the Rotherham Health App?

Book appointments, access your medical records and manage your medication - all online, safely and securely.

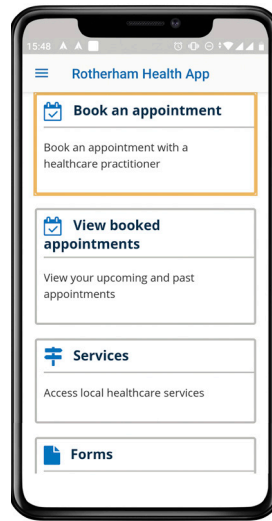

Book your appointments

Book and manage your GP appointments via the app 24 hours a day

You can book appointments at your GP practice and with other health care providers in your local area

Fast, convenient and completely confidential

No need to call your GP practice if you want to see a doctor, nurse or health care assistant

Order medication

Quick and hassle-free repeat prescription service

Full details on how and when to take your medication

No more unnecessary trips to the GP practice to pick up prescriptions

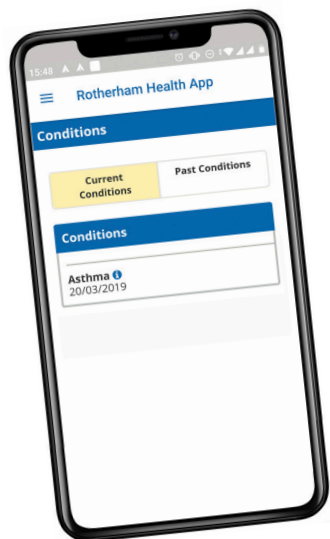

View your medical record

Instant and secure access to your medical records

See your latest test results and monitor any changes

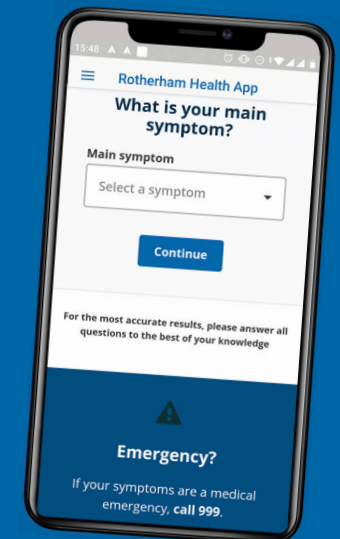

Login using a desktop computer/laptop, tablet or mobile device

Symptom checker

Assess your symptoms using the symptom checker

Link children to your log-in and use the app to manage their health too!

New features

Service directory

You can now use the service directory to find local non-GP health and community services in Rotherham.

If any of the following services are relevant to you, you can now use the app to self-refer yourself to:

- Maternity services
- Speech and language therapy
- The Continence Advisory Service
- The Ear Care Centre

Admin requests

Patients can use this feature to quickly and simply:

- Request a new patient health check
- Send the GP surgery a message
- Request a travel form
- Follow up on a referral
- Request a fit note
- Update personal details
- Query your prescription
- Join the patient participation group

How safe is my data?

We take your data security very seriously. Our app uses a two-step security process, to ensure your data is always safe and secure.

You'll be in full control of your data - and we'd never share it without your consent.

How do I sign up?

It's quick and easy to get an account. Using your mobile download it from the App Store or Google Play. You can also get started online using a computer. Go to rotherhamhealthapp.com and click on 'Register using NHS Login'.
